DETAILED ACTION

Response to Amendment

1. Applicant's cancellation of claims 3 and 6 in the reply filed on 04/09/2007 is acknowledged. Claims 3 and 6 are now cancelled. Office action address claims 1 – 2 and 4 – 5.

Drawings

2. The drawings are objected to because the amended portion of claim 1 states: "echo detector operates as a correlator", figure 5 shows the correlator and echo detector as being separate components. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required

corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Other prior art cited

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

3. Hannah (US 6711216) discloses a UWB radio wherein the system generates anti-echos to cancel out any echos caused by the data signal (figures 4A and 4B, col. 5 lines 18 – 33).

Conclusion

4. This application is in condition for allowance except for the following formal matters:

The amended portion of claim 1 is not consistent with the drawings.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
